

Hearing The Voice Of God: Elijah

Discussion Questions

Read 1 Kings 18 v 20-39.

1. In verse 21 Elijah gives the people a choice, Elijah's God or the Baals. What things in your life come up as the 'other choice' instead of obeying/honouring God? possible to make the right choice?
2. There are so many things that we can worship. From the following areas, discuss as a group how you can guard against these things becoming of too high importance and prevent them from becoming things that take the place of God in what we worship? (HAVING ALL YOU NEED; WHAT WE VALUE; HOW WE FEEL LOVED; SIGNIFICANT; SECURE; ACCEPTED)
3. REFLECT - On seeing the true God in action the people's response in verse 39 is worship and recognising the one true God. 'The demonstration of God's power changes our posture to worship' Where do we need to change our posture to worship today?
4. DISCUSS – Elijah saw God meet his needs for provision and knew the power of God moving in his life.
 - a) Where do we need to trust God at the moment to provide for our needs? Are there areas where we need to be repentant where we have tried to make it happen on our own?
 - b) Where are we expecting to see a demonstration of God's power when we call on his name? Where do you want to see God's power break through in your life, and where have you tried to do it on your own?
